RECALL

Hybrid fuel-cap fire risk — 2026 Crosstrek Hybrid & 2025 Forester Hybrid

Subaru recalled ~70,000 hybrid SUVs (2026 Crosstrek Hybrid, 2025 Forester Hybrid) over an insufficient fuel-cap seal that can let fuel spill when the tank is near full, creating a fire risk. Owners are told to park outside and not fill past 50% until the free fuel-filler-cap gasket replacement is performed. Directly relevant: Crosstrek and Forester are the two highest-stocked models across this dealer set.

NEW
MODEL

All-new 2026 Trailseeker EV arrives at retailers — \$39,995

Subaru's new electric SUV, the Trailseeker, reached retailer lots in spring 2026: standard dual-motor AWD, 375 hp, 280+ miles of range, 8.5" ground clearance, starting at \$39,995 MSRP. Beginning April 2026, Subaru's EV sales reporting added Trailseeker and Uncharted alongside Solterra. Imperial and Stateline already show Trailseeker units in stock.

SALES

April 2026: 52,733 sold; Forester the volume leader for a 4th straight month

Subaru of America reported 52,733 vehicles sold in April 2026, with Forester leading volume for the fourth consecutive month and the Subaru EV family posting its best month ever (2,053 units). Forester led March 2026 as well at 20,412 units.

AWARDS

Consumer Reports Best Overall Brand (2 years running); Forbes social-impact honor (4th year)

Consumer Reports named Subaru its Best Overall Automotive Brand for the second year in a row, and Subaru was again recognized on Forbes' Best Brands for Social Impact list for the fourth consecutive year — useful brand-equity talking points for the showroom.

2 • New-Vehicle Inventory

Live new-vehicle counts by model, ranked per row by total units (more = greener). Each cell shows total units with the **in-stock / in-transit split** beneath; the TOTAL row ranks each dealer's overall new inventory and its split.

TRIM: X Trim mismatch

Reading the inventory grid: Clay carries the deepest lot in the set (437 total; **329 in stock**, 108 in transit), followed by Imperial (398; 308 in stock). Anchor sits at 202 total — but only **136 are on the ground** (66 in transit), which lands Anchor's in-stock count behind Clay, Imperial, and Balise (157 in stock) and just ahead of Stateline (86 in stock of 161). Anchor's volume is concentrated in Crosstrek (51 in stock / 25 in transit) and Forester (40 / 26); its Ascent is actually more in-transit than on-lot (9 / 10), and it carries minimal EV stock (1 Uncharted; no Solterra or Trailseeker) while Imperial and Stateline have begun receiving Trailseeker and Solterra. Net: Anchor's *orderable* total is competitive, but its *available-today* lot is the second-thinnest in the set — worth weighting toward in-stock units in merchandising.

TRIM: X

 Trim mismatch

Reading the lease grid: Each cell shows the advertised payment with its term, allowable miles/yr, and due-at-signing beneath it — headline payments are not apples-to-apples. Anchor's \$169 Crosstrek is the lowest advertised payment in the set, but it carries a \$5,500 due-at-signing (including roughly \$4,200 cash/trade), versus Imperial's \$2,500 down and Clay's \$0 due at signing. Clay advertises ZERO due at signing on all three of its leases (Forester Premium \$399, Crosstrek \$299, Impreza Sport \$299), and Stateline allows 10,000 mi/yr vs. the 7,500 mi/yr used by Anchor, Imperial, and Clay. Clay's Forester is a Premium trim (\$399) against Imperial's and Stateline's Base trims (\$228 / \$289), flagged accordingly. On Solterra, Imperial advertises \$199/mo vs. Anchor's \$239/mo on the same Premium trim.

4 · Finance (APR) Specials

TRIM: X Trim mismatch

Reading the finance grid: Anchor advertises the lowest rate in the set on Forester (0.9%) and ties for lowest on Crosstrek, Ascent (1.9%) and Solterra (0%). Anchor's rates are generally over a shorter 36-month term, while Imperial and Stateline advertise the same or higher rates stretched to 75 months. On Outback, Balise advertises 2.9% vs. Anchor's, Imperial's and Stateline's 3.9%. Balise advertises finance only (no leases) and matches Anchor's 1.9% Crosstrek and 0.9% Forester. Clay does not advertise APR finance rates.

Reading the cash grid: Clay Subaru is the only dealer in the set advertising model-specific cash discounts — up to \$3,000 off Outback, \$5,000 off Ascent, and \$10,000 off remaining 2025 models. Imperial advertises a \$500 Subaru VIP bonus for PreK-12 school staff. Anchor Subaru does not currently advertise a cash or bonus-cash offer; consumers comparing cash-off-MSRP deals online will not find Anchor in those results.

6 • Service Specials

Service offers differ in structure (flat price, % off, complimentary), so cells show the advertised offer. Where directly comparable and priced (e.g., Remote Start), the row is rank-colored; otherwise a blue cell indicates the dealer advertises an offer in that category. † Balise's service-specials page returned an error this session.

Reading the service grid: Anchor advertises the broadest set of service offers in the group — a \$299.95 detail, \$599.95 remote start, complimentary brake inspection, A/C performance check, and a 120% tire price-match. Imperial's \$599 remote start undercuts Anchor's \$599.95 by under a dollar. Stateline leads on priced maintenance value with a \$139 oil/rotation/wiper package and a \$50-off brake service. Clay emphasizes complimentary inspections plus small (\$10–\$25) coupons. [†]Balise's service-specials URL returned a "We're sorry" error page on every attempt this session, so its service offers could not be verified and are marked Data N/A.

7 • Month-to-Date Sales

New-vehicle units sold, May 2026, for Anchor Subaru and tracked dealers in the local radius. Subaru stores are highlighted; Anchor is the client row. "Patriot Subaru of N Attleboro" is the former name of Imperial Subaru.

Reading the MTD board: Anchor Subaru has sold **74 new units** month-to-date. Among Subaru stores in the tracked radius, Anchor sits third — behind Imperial (Patriot) Subaru (101) and Stateline Subaru (81), and ahead of Balise Subaru (47) and Long Subaru (30). The board is led by the high-volume Toyota and Honda stores in the area; the closest Subaru pace-setter to catch is Stateline, 7 units ahead.

Overall Summary

Anchor Subaru Strengths

- Lowest advertised lease payment in the set on Crosstrek (\$169/mo) and Ascent (\$269/mo, Premium).
- Lowest or tied-lowest APR on Forester (0.9%), Crosstrek (1.9%), Ascent (1.9%) and Solterra (0%).
- Broadest service-special lineup (detail, remote start, brake, A/C, tire price-match).
- Exclusive Lifetime Warranty attached to lease/finance offers — unique in this set.

Opportunities / Gaps

- Anchor's lease due-at-signing (\$5,500) is the highest in the set; Clay advertises \$0 due and Imperial \$2,500 down.
- Anchor advertises 7,500 mi/yr leases vs. Stateline's 10,000 mi/yr.
- Anchor does not advertise any cash/discount offer; Clay advertises up to \$3,000–\$10,000 off.
- On Solterra, Imperial's \$199/mo lease is \$40/mo below Anchor's \$239/mo on the same trim.
- On Outback finance, Balise's 2.9% beats Anchor's 3.9%.

Methodology & Data Provenance

Brand News: current national Subaru developments (recall, model launch, monthly sales, brand awards) gathered from public news sources, May 2026. **MTD Sales:** May 2026 new-unit totals for Anchor and tracked local-radius dealers, taken from the dealer's sales-tracking dashboard; figures reflect month-to-date new sales only. **Inventory:** live new-vehicle counts pulled May 30, 2026 from each dealer's inventory platform (model facet counts; Clay Subaru's in-stock vs. in-transit split read from its Vehicle Status filter — the other four publish totals only). Specials figures were scraped live on **May 30, 2026:** lease/finance headline payments read from banner images and headline cells, with full terms (DAS, mileage, APR alternative, MSRP, stock #, expiration) read from each offer's "Offer Details and Disclaimers" modal. Pages visited:

- Anchor Subaru: [anchorsubaru.com/promotions/new/index.htm](#) (9 offers, "Load More" expanded) & [/promotions/service/index.htm](#) (6 service offers)
- Imperial Subaru: [imperialsubaru.com/promotions/new/index.htm](#) (7 model offers + VIP) & [/promotions/service/index.htm](#)
- Stateline Subaru: [statelinesubaru.com/promotions/new/index.htm](#) (5 model offers) & [/promotions/service/index.htm](#) (6 service offers)
- Clay Subaru: [claysubaru.com/promotions/new/index.htm](#) (3 leases + 3 cash) & [/service-parts-special-coupons.htm](#) (5 service offers)
- Balise Subaru: [balisesubaru.com/new-vehicle-specials.htm](#) (5 APR offers, no leases/cash). **Service page [/specials/service.htm](#) returned a "We're sorry" error on every attempt — service offers marked Data N/A+.**

Ranking: each model row is ranked independently by distinct value group — lease = lowest payment, finance = lowest APR, cash = largest discount, priced service = lowest price. Ties share a color. **Trim mismatches** are flagged where a dealer advertises a different trim than the row reference (e.g., Clay's Forester Premium vs. base-trim competitors). **Term/DAS differences are not baked into the rank** — the rank reflects the headline number only; read the lease-terms box for the full picture. Imperial's Solterra/Uncharted/Trailseeker leases note inclusion of the Massachusetts MOR-EV rebate. No values were estimated or carried from prior runs.
